L1/23 Council Motion 16 March 2023 - Get Me Home Safely Campaign

Consideration was given to a report which set out the options available to the Committee in relation to the following motion considered by the Council at its meeting held on 16 March 2023:

“That shift work is becoming increasingly common in many industries and often includes late night working, often after most public transport has finished for the evening.

Many shift workers are increasingly worried about their safety travelling to and from work at night.

The work our Police and Crime Commissioner has done into trying to address residents' concerns with safety. Including the safer transport app, attracting funding from the Government and investment into the multi-agency security team

North Tyneside Council believes:

Unite the union's Get Me Home Safely campaign, which calls on employers to take all reasonable steps to ensure workers can get home safely from work at night, is greatly needed and should be supported.

The weakness of enforcement of the law against sexual assault, including up-skirting on public transport is appalling and only 2% of victims go on to report sexual harassment on public transport.

North Tyneside Council:

Asks the Licensing Committee to explore the possibility of putting a condition in place on licensed premises which requires them when opening late to provide free and safe transport home for their staff.

Calls on the Mayor to write to Nexus and the private bus operators to introduce more late night services to get shift workers to and from work.

Write to the Government to ask them to extend the £2 fare offer for buses beyond the end of June and also provide funding to allow metro to continue the £2 offer which Tyne and Wear councils funded for the first 3 months of the year."

The Committee was advised that currently there were no conditions attached to any existing premises licences or club premises certificates which required the operators to provide free and safe transport for their staff. The legislation in relation the licences did not require such a condition to be imposed and it was explained that no operator had offered such a condition as part of their licence application.

It was explained that there were a number of issues which would prevent such a condition being applied including the fact that unless there was a representation in relation to a particular application the matter would be determined based on the information contained in the application and the Authority was unable to add conditions not included in the application.

If representations were received the Licensing Sub Committee was required to consider each application on its merits and make a decision based on the promotion of the licensing objectives.

Guidance did not allow the Authority to adopt standard licensing conditions, such as suggested above. Applicants aggrieved by a condition can appeal to the Magistrates' Courts.

Members noted that the issue of staff working late did not just apply to licensed establishments but also occupations such as cleaners and hospital staff. It was suggested that the solution was for the issued to be tackled at a national level.

Resolved that the Committee, having explored the possibility of putting a condition in place on licensed premises requiring the provision of free and safe transport home to staff, would inform Members of the Council that such a condition would not be possible for legal reasons.

The notice will include details of the timings of the event, the nature of the activities that will take place at the Premises and will provide the contact details of the licence holder so that if a resident has any cause for concern, complaint or requires further information, they will be able to make contact with a representative of the licence holder. Reasons for the Decision:

- The applicant has over 20 years experience in successfully managing events of the nature applied for and has engaged at an early stage with the Safety Advisory Group which includes the Local Authority and emergency services including the police and fire and rescue service to ensure that the event can be safely managed;
- There have been no representations submitted by local residents in relation to the application;
- A representation has been submitted on behalf of the Environmental Health Department in relation to potential noise disturbance from the event which could be experienced by local residents;
- There have been no representations submitted by any of the other Responsible Authorities which the Sub-committee took to mean that they

did not have any concerns in relation to the application;

- The Sub-committee considers that the concerns raised in relation to the Environmental Health Department representation would be met by the imposition of the conditions attached to the licence, in particular the need for noise monitoring and the imposition of noise limits at specified residential properties.

5. An incident and refusals book or log shall be kept at the premises which is utilised and maintained at all times. This will include a record of all age challenges made when a customer attempts to purchase alcohol and the reasons for any refusal. 12. On entrance/exit to the premises there will be signs prompting customers to be respectful of neighbours and to leave quietly.
13. The premises will have clear signage confirming that alcohol may only be consumed whilst seated at tables.

Reason for Decision:

The Sub-committee was satisfied that the applicant had successfully demonstrated that there would be no negative impact on the 4 licensing objectives from the grant of the licence.

The Sub-committee considers that the applicant has been able to rebut the presumption against the grant of the licence at the location as set out in the North Tyneside Cumulative Impact Policy.

The Sub-committee considers that with the combination of the conditions offered by the applicant and the conditions it imposed the licensing objectives would be sufficiently promoted to address any concerns in relation to the application.

Reasons for Decision:

The Sub-committee was satisfied that the applicant has successfully demonstrated that there would be no negative impact on the 4 licensing objectives from the grant of the licence.

The Sub-committee considered that the applicant has been able to rebut the presumption against the grant of the licence at the location as set out in the Authority's Cumulative Impact Policy.

The Sub-committee considers that with the combination of the conditions offered by the applicant and the conditions it imposed the licensing objectives would be sufficiently promoted to address the concerns in relation to the application.

There are no financial implications for the Council arising from this report. The cost of collating the data can be met from the existing Licensing revenue budget.

2.2 Legal

2.2.1 Legislative Framework

Part 2 Section 10(1)(b) of the Licensing Act 2003 provides that a Licensing Committee may arrange for the discharge of any functions exercisable by it by an officer of the licensing authority.

Part 8 Section 154 of the Gambling Act 2005 is the enabling power for delegation of responsibility for licensing decisions under that Act to the Licensing Committee, Sub-Committee and officers.

2.2.2 North Tyneside Council's Statement of Licensing Policy

A scheme of delegation of decision making and functions is attached to the North Tyneside Council Statement of Licensing (Licensing Act 2003) and to the North Tyneside Council Statement of Licensing (Gambling Act 2005), (**Appendix 1 and 2**).

2.2.3 Principles of Better Regulation

The Licensing Act 2003 and Gambling Act 2005 are specified in The Legislative and Regulatory Reform (Regulatory Functions) Order 2007. As a result, Part 2 of the Legislative and Regulatory Reform Act 2006 applies. The Council must therefore have regard to the prescribed statutory principles by ensuring that its regulatory activities are carried out in a way which is transparent, accountable, proportionate and consistent. In addition, those regulatory activities should be targeted only at cases in which action is needed.

2.3 Consultation/Community Engagement:

A comprehensive 12 week public consultation exercise took place prior the adoption of the North Tyneside Council Statement of Licensing (Licensing Act 2003) and to the North Tyneside Council Statement of Licensing (Gambling Act 2005).

2.4 Human Rights:

The economic interests connected to the use of a licence may be considered to be a possession belonging to existing licensees and as such are afforded protection under Article 1 of Protocol 1 of the European Convention on Human Rights. Any decisions therefore made in relation to a licence application need to be fully considered. An individual also has the right to a fair hearing under Article 6 of the European Convention of Human Rights. The proposed procedure will assist in ensuring that a fair hearing does take place.

2.5 Equalities and Diversity:

There are no equality and diversity implications arising from this report.

2.6 Risk Management:

There are no significant risk management implications to the Council arising from this report.

2.7 Crime and Disorder:

It is not considered that there are any crime and disorder implications arising from this report. The police receive copies of applications made under the Licensing Act 2003 and Gambling Act 2005 and are invited to make representations if they so wish.

2.8 Environment and Sustainability:

It is not considered that there are any environment and sustainability implications arising from this report.
