

## PLANNING COMMITTEE

Date: 11 January 2024

### PLANNING APPLICATION REPORTS

#### **Background Papers - Access to Information**

The background papers used in preparing this schedule are the relevant application files the numbers of which appear at the head of each report. These files are available for inspection at the Council offices at Quadrant East, The Silverlink North, Cobalt Business Park, North Tyneside.

#### **Principles to guide members and officers in determining planning applications and making decisions**

##### Interests of the whole community

Members of Planning Committee should determine planning matters in the interests of the whole community of North Tyneside.

All applications should be determined on their respective planning merits.

Members of Planning Committee should not predetermine planning applications nor do anything that may reasonably be taken as giving an indication of having a closed mind towards planning applications before reading the Officers Report and attending the meeting of the Planning Committee and listening to the presentation and debate at the meeting. However, councillors act as representatives of public opinion in their communities and lobbying of members has an important role in the democratic process. Where members of the Planning Committee consider it appropriate to publicly support or oppose a planning application they can do so. This does not necessarily prevent any such member from speaking or voting on the application provided they approach the decision making process with an open mind and ensure that they take account of all the relevant matters before reaching a decision. Any Member (including any substitute Member) who finds themselves in this position at the Planning Committee are advised to state, prior to consideration of the application, that they have taken a public view on the application.

Where members publicly support or oppose an application they should ensure that the planning officers are informed, preferably in writing, so that their views can be properly recorded and included in the report to the Planning Committee.

All other members should have regard to these principles when dealing with planning matters and must avoid giving an impression that the Council may have prejudged the matter.

## Planning Considerations

Planning decisions should be made on planning considerations and should not be based on immaterial considerations.

The Town and Country Planning Act 1990 as expanded by Government Guidance and decided cases define what matters are material to the determination of planning applications.

It is the responsibility of officers in preparing reports and recommendations to members to identify the material planning considerations and warn members about those matters which are not material planning matters.

Briefly, material planning considerations include:-

- North Tyneside Local Plan (adopted July 2017);
- National policies and advice contained in guidance issued by the Secretary of State, including the National Planning Policy Framework, Planning Practice Guidance, extant Circulars and Ministerial announcements;
- non-statutory planning policies determined by the Council;
- the statutory duty to pay special attention the desirability of preserving or enhancing the character or appearance of conservation areas;
- the statutory duty to have special regard to the desirability of preserving a listed building or its setting or any features of special architectural or historic interest which it possesses;
- representations made by statutory consultees and other persons making representations in response to the publicity given to applications, to the extent that they relate to planning matters.

There is much case law on what are material planning considerations. The consideration must relate to the use and development of land.

Personal considerations and purely financial considerations are not on their own material; they can only be material in exceptional situations and only in so far as they relate to the use and development of land such as, the need to raise income to preserve a listed building which cannot otherwise be achieved.

The planning system does not exist to protect private interests of one person against the activities of another or the commercial interests of one business against the activities of another. The basic question is not whether owners and occupiers or neighbouring properties or trade competitors would experience financial or other loss from a particular development, but whether the proposal would unacceptably affect amenities and the existing use of land and buildings, which ought to be protected in the public interest.

Local opposition or support for the proposal is not in itself a ground for refusing or granting planning permission, unless that opposition or support is founded upon valid planning reasons which can be substantiated by clear evidence.

It will be inevitable that all the considerations will not point either to grant or refusal. Having identified all the material planning considerations and put to one side all the immaterial considerations, members must come to a carefully balanced decision which can be substantiated if challenged on appeal.

### Officers' Advice

All members should pay particular attention to the professional advice and recommendations from officers.

They should only resist such advice, if they have good reasons, based on land use planning grounds which can be substantiated by clear evidence.

Where the Planning Committee resolves to make a decision contrary to a recommendation from officers, members must be aware of their legislative responsibilities under Article 35 of the Town & Country Planning (Development Management Procedure) (England) Order 2015 (as amended) to:

When refusing permission:

- state clearly and precisely the full reasons for any refusal including specifying all the policies and proposals in the development plan relevant to the decision; or

When granting permission:

- give a summary of the reasons for granting permission and of the policies and proposals in the development plan relevant to the decision; and
- state clearly and precisely full reasons for each condition imposed, specifying all policies and proposals in the development plan which are relevant to the decision; and
- in the case of each pre-commencement condition, state the reason for the condition being a pre-commencement condition.

And in both cases to give a statement explaining how, in dealing with the application, the LPA has worked with the applicant in a proactive and positive manner based on seeking solutions to problems arising in relation to dealing with the application, having regard to advice in para.s 186-187 of the National Planning Policy Framework.

### Lobbying of Planning Committee Members

While recognising that lobbying of members has an important role in the local democratic process, members of Planning Committee should ensure that their response is not such as to give reasonable grounds for their impartiality to be questioned or to indicate that the decision has already been made. If however, members of Committee express an opinion prior to the Planning Committee this

does not necessarily prevent any such member from speaking or voting on the application provided they approach the decision making process with an open mind and ensure that they take account of all the relevant matters before reaching a decision. Any Member (including any substitute Member) who finds themselves in this position at the Planning Committee are advised to state, prior to consideration of the application, that they have taken a public view on the application.

### Lobbying of Other Members

While recognising that lobbying of members has an important role in the local democratic process, all other members should ensure that their response is not such as to give reasonable grounds for suggesting that the decision has already been made by the Council.

### Lobbying

Members of the Planning Committee should ensure that their response to any lobbying is not such as to give reasonable grounds for their impartiality to be questioned. However all members of the Council should ensure that any responses do not give reasonable grounds for suggesting that a decision has already been made by the Council.

Members of the Planning Committee should not act as agents (represent or undertake any work) for people pursuing planning applications nor should they put pressure on officers for a particular recommendation.

**PLANNING APPLICATION REPORTS  
CONTENTS**

**1 20/01435/FULES**

**Killingworth**

**Land At Killingworth Moor Killingworth Lane Killingworth NEWCASTLE  
UPON TYNE**
