Dear Mrs S Graham,

Re: Application to Transfer the premises licence for Prudhoe Store, 4-5 Prudhoe Street, North Shields, NE29 6QZ.

Applicant: -

In respect of the grant of the above application, I have the following comments to make and wish to lodge the following representation: -

Northumbria Police wish to make an objection to the transfer of the premises licence at Prudhoe Store, Prudhoe Street, North Shields, NE29 6QZ.

The licensing Act 2003 gives the Chief Officer of Police provision to object to an application to transfer a premises licence if they are satisfied that the exceptional circumstances of the case are such that the granting of the application would undermine the crime prevention objective.

Northumbria Police object to the application by _____ to transfer the premises licence on the grounds that the granting of this application would undermine the crime prevention objective.

The premise is situated on Prudhoe Street, near to the roundabout of the junction of Howdon Road and Waterville Road. It is within easy reach of North Shields Town centre and Public houses and shops.

In October 2014 the Police had received, through community intelligence, complaints about this shop selling cigarettes/tobacco to anybody from under the counter; it was further stated that the cigarettes and tobacco were counterfeit.

On 02 April 2015 an anonymous female called the Police; the person informed the Police; "my 13-year-old friend can buy cigarettes at Prudhoe off licence and my 17-year-old other friend can get alcohol" This was a third-party report, it was passed to Mr Kirkpatrick Licensing Officer for the Police to action. Please see the attached statement by Mr Mark Duffy Senior Trading Standards Officer.

On 09 December 2016 a test purchase was conducted at Prudhoe off licence as well as other premises in North Shields; sold alcohol to a child and a fixed penalty was issued and was paid.

May I request the committee to have regard to revised guidance issued under section 182 of the Licensing Act 2003 (July 2023), Section 11.27.

There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These are the use of the licensed premises:

- For the sale or storage of smuggled tobacco and alcohol.

In August 2017 the police received through community intelligence that Prudhoe off licence was selling counterfeit tobacco/cigarettes. This was passed on to Trading Standards in North Tyneside council.

From December 2014 to date, The Weights and Measures department of North Tyneside council, assisted by Northumbria Police, have visited Prudhoe off licence in North Shields numerous times; The operations have been an intelligence lead, partnership approach, reacting to the concerns of the community of North Shields.

Many of these have resulted in the seizure of illicit tobacco products. The owner and his sons have admitted to the criminal possession of these items. One of the visits resulted in a sale of alcohol to a child by the DPS, who was also the Premises Licence Holder. Please see attached statement and exhibits, from Mr Mark Duffy senior trading Standards officer for North Tyneside council.

North Tyneside council successfully prosecuted in 2016, and his sons , and respectfully in 2018 and 2019 for offences relating to the supply/possession of illicit tobacco products found on the premises. In 2019 a review of the premises licence was submitted by The weights and measures department of North Tyneside council with a supporting statement from Northumbria Police. As a result, The Licensing Committee imposed a 3-month suspension of the licence starting 28th June 2019, with further conditions attached to the premises licence.

This premise at Prudhoe Street is a family run business, it will be operated by relative/s of [redacted] who has recently passed away. [redacted] is the son of [redacted], thus keeping him within the nexus of the business.

Northumbria police have lost confidence in the management of the premises in Prudhoe Street North Shields. The consistent poor management of this premises is still of serious concern. If this transfer is granted there will be no change to the training or the way the premises is managed, it will still be a family run business, the dynamic of the business will continue as usual.

There is a clear family line from the previous premises licence holder to the proposed premises licence holder. Due to the serious nature of the storing and supply of illegal tobacco products, Northumbria Police would request the licensing committee to reject the application to transfer the premises licence at Prudhoe Stores, Prudhoe Street, North Shields.

Yours Sincerely

C/Insp Rebeca Fenney-Menzies 7022

for a number of years. The Council has successfully prosecuted in 2016 and his sons and respectively in 2018 and 2019 for offences relating to the supply/possession of illicit tobacco products found on the premises. In 2019 a licence review of the premises licence to sell alcohol was also brought. Resulting in the premises licence to sell alcohol being suspended for three months and a number of conditions being attached to the premises licence.

Background – Illicit Tobacco

The term 'illicit tobacco' is used to describe illegal tobacco products (cigarettes and hand rolling tobacco) including:

- Illicit whites – brands that have no legal market in the UK and are from elsewhere in the world (often Eastern Europe).
- Non-UK duty paid – genuine UK brands brought into the country and sold without duty being paid.
- Counterfeit – products that are manufactured and made to look like recognised brands by using registered trademarks without authorisation.

The trade in illicit tobacco products causes nuisance within local communities by:

- Making it easier for children to smoke. The latest 2021 figures from a survey of 1,878 people in Northumberland, Tyne and Wear and County Durham (including 100 children aged 14-17) found more than 7 in 10 children aged 14-17 who smoke have been offered illegal tobacco and half (49%) buy it. Shops are the sources of 14% of children's illegal tobacco purchases. Children are often aware of who is selling illegal tobacco, and at pocket money prices, circumventing the age restriction on tobacco products that are normally upheld by legitimate retailers.
- Having adverse effects on health – cheap tobacco undermines price as one of the key drivers to bring down smoking rates. The 2021 survey found 15% of smokers in the

sample area (around 36,000 people) buy illegal tobacco and more than 8 in 10 buyers of illegal tobacco say it helps them smoke i.e when otherwise high prices would motivate them to quit.

- Illegal cigarettes have a high propensity to start fires as products often fail to conform to the reduced ignition propensity ("RIP") requirements. This means that they continue to burn when left unattended, unlike legal cigarettes. RIP compliant cigarettes must have special bands at intervals down its length so that, once lit, a cigarette will go out if it is not actively smoked. A devastating consequence of non-complaint cigarettes is that if they are dropped on mattresses, upholstered furniture, or other combustible material while still burning, it is highly likely a fire will start.
- Honest businesses cannot compete with illegal tobacco sellers, which causes local businesses to suffer Around 11% of all tobacco smoked is illegal. That means around 128 million illegal cigarettes bought in the North East per year with an annual duty loss of around £55 million.
- Attracting criminality to neighbourhoods – it is well known that the illegal tobacco trade is linked to organised crime. Many of the people smuggling, distributing and selling it are involved in drug dealing, money laundering, people trafficking and even terrorism.

Following the licence review of Prudhoe Off Licence, our service received intelligence dated 31/05/2019 that the premises will continue to sell illegal tobacco. The brothers had been witnesses with carrier bags that have illegal tobacco in them and tobacco and alcohol was being sold from the back of the premises. On the 5/12/2019 our service received further intelligence that a person standing opposite the shop in an adjacent car park was selling cigarettes and potentially drugs on behalf of the shop. Three individuals operate on a shift work basis. Another individual is the "mule" who would approach the premises, take cigarettes in bulk and deliver them to customers but also store them in their back pack and pass them to other individuals.

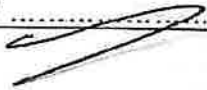

I produce in evidence these two intelligence reports together with nine other reports received by our service dating from the 13/01/2020 to 17/05/2023 concerning Prudhoe Off Licence supplying illicit tobacco products as **exhibit MD/11**.

One of these reports dated 21/07/2021 stated of Prudhoe Street Off Licence is selling counterfeit cigarettes and tobacco from the business. He takes orders from customers before contacting an associate to bring the cigarettes and tobacco to the shop premises. This occurs 20 to 30 times a day. While another report dated 21/12/2021 mentioned illegal tobacco and cigarettes being sold from van in back Prudhoe Street.

In July 2022 following receipt of intelligence dated 27/06/2022 that Prudhoe Off Licence was selling illegal tobacco our service commenced its current investigation into the premises. On the 13/07/2022 and 5/06/2023 officers from our service visited Prudhoe Off Licence to attempt to purchase illicit cigarettes no sales were made. On the 19/10/2022 the shop was inspected by officers from our service with a tobacco detection dog no illicit tobacco was found.

On the 5/06/2023 Richard THOMPSON a licencing officer with the Council, who also works for the Trading Standards Team, while carrying out his duties in North Shields, saw a man approach a shop on Prudhoe Street, North Shields. He stopped outside the shop and finished a cigarette before entering. He then left the shop a few seconds later having not had time to make a purchase. The man then walked directly towards Prudhoe Street Off Licence. He then

entered the premises and emerged two minutes later. Mr THOMPSON saw him take a cigarette out of a blue coloured cigarette packet. This colouring of packaging cannot be lawfully sold and Mr THOMPSON formed an opinion that Prudhoe Street Off Licence was selling illicit cigarettes.

On the 13/06/2023 Mr THOMPSON saw there were two empty discarded packets of Lambert & Butler cigarettes on the ground at Prudhoe Street. The packaging was blue and they contained Eastern European writing. At 11:23 am on the same day Mr THOMPSON saw a man, who he now knows to be [REDACTED], exit Prudhoe Off Licence carrying an empty blue bag in his trouser pocket. He appeared to be in company with a customer and both turned right onto Belle Vue Terrace, [REDACTED] returned to the shop a few minutes later without the customer or blue bag. At this point it appeared to Mr THOMPSON that the customer may have been supplied with illicit tobacco from a dwelling or vehicle on Belle Vue Terrace. At 2.30pm that day whilst driving on Prudhoe Street Mr THOMPSON saw [REDACTED] getting into the driver's seat of a black Mercedes panel van registration number [REDACTED] This vehicle is registered to [REDACTED] at [REDACTED] Belle Vue Terrace, North Shields.

On the 15/06/2023 at 12.35pm Mr THOMPSON saw a male wearing a blue Glasgow Rangers football top attend Prudhoe Off Licence. He then saw [REDACTED] leave the shop and walk to [REDACTED] Belle Vue Terrace, North Shields. He emerged after a short period of time carrying a large plastic shopping bag which he handed to the male in the Rangers top. At 12.50 pm Mr THOMPSON approached the male in North Shields town centre. He was approximately 60 years of age and had a broad Scottish accent. Mr THOMPSON asked the man if he knew where he could buy some cheap cigarettes. The man opened the bag and offered to sell some to Mr THOMPSON who could see the bag was full of cigarette packets and Amber Leaf tobacco. The Amber Leaf retails at £30 but the male offered it to Mr THOMPSON for £8.

At 5.45 pm on 10/07/2023 Mr THOMPSON saw [REDACTED] drive the Mercedes van [REDACTED] to [REDACTED] Belle Vue Terrace, he entered the rear of the van via the sliding door and removed a dark coloured back pack before walking in the direction of the shop.

On the 12/07/2023 Mr THOMPSON saw that the Mercedes van was parked in a courtyard in Trinity Street. This is within a housing estate opposite Prudhoe Off Licence and can be accessed via a walkway. Mr THOMPSON was suspicious of where the vehicle was parked as there were available options next to the shop or Belle Vue Terrace (which was [redacted]'s home address) and this appeared to be an attempt to conceal the vans location. At 12.42 pm that day Mr THOMPSON saw a male which we now know to be [redacted] enter the rear of the van before immediately attending the shop where a customer then walked out. Mr THOMPSON saw him repeat this process at 1.10 pm. At this time he was carrying a plastic bag with a draw string on it.

On the 20/07/2023 Mr THOMPSON again saw that the Mercedes van was parked in the courtyard area of Trinity Street. At 11:10 am on the same day officers from our Trading Standards team, including myself, our Licensing team, and Northumbria Police attend Prudhoe Off Licence. I spoke to [redacted], who was in the shop on his own. I informed him that the purpose of our visit was to carry out a search of the shop, the flat above the shop and the Mercedes van parked in the estate opposite the shop for illicit tobacco. While members the Licencing Team intended to check if the conditions on the premises licence were being complied with. When I mentioned the van [redacted] initially said he didn't own a Mercedes van but when I informed him he was the registered the owner of it he said he did own it but his brother [redacted] had the keys. I asked [redacted] who owned the business as his farther [redacted] I was the licensee for the premises. [redacted] said his brother [redacted] owned the business and that he was covering as [redacted] I was at the cash and carry. No illicit tobacco products were found in the shop, flat above the shop (where [redacted], his wife and [redacted] were currently living) or at Belle Vue Terrace, the latter address which [redacted] voluntarily agreed that officers could search. While I was in the shop I believe [redacted] made several telephone calls to his brother [redacted].

Outside the front door of Prudhoe Off Licence was a sign stating "Prudhoe Off Licence Proprietor [redacted] which I took a photograph of (see exhibit MD/1). While on the wall behind the counter was a certificate of employer's liability from American International Group UK Limited insuring [redacted] and [redacted] trading as Prudhoe Off Licence from the 15/02/2023

to 14/02/2024. I produce in evidence a photograph of this certificate which I took as **exhibit MD/12.**

Peter THOMPSON a Licensing Officer carried out an inspection to check that Prudhoe Off Licence was complying with the provisions of the Licensing Act 2003 and conditions attached to the premises licence to sell alcohol. Mr THOMPSON identified a number of the conditions were not being complied with including the CCTV system did not show an accurate time, and no staff training records were available for inspection. A follow up visit was made to Prudhoe Off Licence by Thomas RICHARDSON from Trading Standards on or about 26/07/2023 when he attempted to obtain images from the CCTV system. It was not possible to download any images due to a fault with the system. This was a further breach of the premises licence to sell alcohol. On the 25/07/2023 and 4/08/2023 Peter THOMPSON sent two letters to setting out the breaches of the licencing conditions which had been identified. I produce in evidence these two letter as **exhibits MD/13 and MD/14**, respectively.

On the 20/07/2023 while Prudhoe Off Licence was being searched entered the shop who Mr THOMPSON had previous seen enter the shop and van parked in the estate opposite. Mr THOMPSON carried out an interview with at the back of the shop after 1st cautioning him. A record of the interview was recorded contemporaneously by Mr THOMPSON in his pocket book and at the conclusion I signed it was a true and correct record. I produce in evidence a photocopy of this pocket book interview and a transcript of this interview as **exhibits MD/15 and MD/16**, respectively. During the course of the interview he admitted working for the store for a payment of £25 per day in cash. He acknowledged that when a customer enters the store for cigarettes he would attend the Mercedes van, getting the keys from " or whoever is on" and remove the required cigarettes or tobacco and then return to the shop where he would hand over the goods as the customer paid the owner. He acknowledged he knew this was unlawful.

At about 12:45pm I arrived at the shop in a white van with two other men. As the men exited the van Richard THOMPSON heard I say to one of the other men, who later identified as [REDACTED], "You better not have left anything in the van that's dodgy after I let you sleep in it after you fell out with your lass". Thomas replied "Aye, I might have". It appeared that the conversation was contrived. I and [REDACTED] then entered the shop. I informed [REDACTED] that we had carried out a search of the shop and flat for illicit tobacco but had not found anything. However we wished to search the Mercedes van parked in the estate opposite the shop. [REDACTED] said he had given the keys to the van to [REDACTED] the day before so didn't know what was in the van.

[REDACTED], myself and other officers then left the shop, crossed the road and walked down a walkway into the estate opposite where a black Mercedes van registration [REDACTED] was parked. I produce in evidence a map showing the location of Prudhoe Off Licence, the van and [REDACTED] Belle Vue Terrace as exhibit MD/17. I also produce in evidence four photographs showing the van, its location, the walkway down to it from Prudhoe Street, and the walkways location on Prudhoe Street as exhibits MD/18 to MD/21.

When the van was opened a backpack was found in the rear of the vehicle wedge behind the front seat which contained 36 packets of illicit cigarettes and 12 pouches of hand rolling tobacco. I produce in evidence three photographs showing the location of the backpack in the van, the backpack and the cigarettes and hand rolling tobacco found in the backpack as exhibits MD/22 to MD/24, respectively. I also produce in evidence a schedule listing the items found in the backpack as exhibit MD/25.

After the illicit tobacco products were found in the van I walked back to the shop with [REDACTED] and my colleague Adam HUDSON. In the shop I cautioned both [REDACTED] and [REDACTED]. [REDACTED] stated [REDACTED] had asked to borrow the keys to the van as he had had an argument with his lass so he could put a couple of boxes in the van. As he was a friend he gave him the keys yesterday but did not know what he was going to put in the van. The cigarettes must have been [REDACTED] for him to smoke. I then returned to the van but later

went back to the shop with my colleague Thomas RICHARDSON. was by himself. I asked him about the ownership of the business and he said it was a partnership with his brother. I said that his brother had told me he was not the owner and reminded him he was still under caution. He said he had been in partnership with his brother but was now the sole owner. I informed that I would be back in touch about this matter.

After the van has been searched Mr THOMPSON carried out an interview with next to the van. A record of the interview was recorded contemporaneously by Mr THOMPSON in his pocket book and at the conclusion of the interview the questions and answers were read to who then signed the interview as a true and correct record. I produce in evidence a photocopy of this pocket book interview and a transcript of this interview as exhibits MD/26 and MD/27, respectively. During the course of the interview he acknowledged that he had not slept in the van. He had been recruited by and was paid £25 in cash per day to obtain cigarettes and tobacco from the Mercedes van when a customer entered the shop would be in the general area and would attend the van once he received a phone call. The cigarettes were then handed to the customer in the shop who pays Karl or Ali. He acknowledged this was not legal.

Follow the seizure made on the 20/07/2023 I sent two samples of the seized cigarettes, a packet of L&B Original Silver cigarettes and a packet of Regal Blue cigarettes, to the agents for Imperial Tobacco Limited who are the registered trade mark owners for various brands of cigarettes. These packets of cigarettes were confirmed to be counterfeit and as such offences may have been committed under the Trade Marks Act 1994. The packaging of these cigarettes also did not comply with the Standardised Packaging of Tobacco Products Regulations 2015 which sets out standardised requirements for the packaging of cigarettes and hand rolling tobacco. In addition these cigarettes were not marked with the general warning and information messages required by the Tobacco and Related Products Regulations 2016.

HM Revenue & Customs were also contacted who have stated the total duty liable to be paid on the quantity of cigarettes and tobacco seized on the 20/07/2023 was £454.08 (£272.68 for the cigarettes and £181.40 for the hand rolling tobacco). I produce in evidence a summary

provided by HM Revenue & Customs of the duty liability on the cigarettes and tobacco seized as exhibit MD/28.

Our service intends to write to [redacted] to invite him to attend a formal interview under caution to discuss possible criminal offences that may have been committed by him relating to the illicit tobacco products seized on the 20/07/2023.

Local Area Assessment

Smoking remains the single largest cause of preventable deaths in England. Around 15 people in the North East die every from smoking every day (Statistics on Smoking, England 2020 the NHS Information Centre).

People living in the most deprived areas of England were more than four times likely to smoke in 2016 than those living in the least deprived areas. Healthy life expectancy in North Tyneside is worse than the England average. Men and women in our most deprived areas on average spend 14.5 less years in good health compared to their counterparts in our least deprived communities.

Both men and women in England's most deprived areas are roughly twice as likely to die from lung cancer (85% of cases, smoking is the biggest risk factor) compared with those in the least deprived areas As well as dying prematurely, smokers also suffer from poor quality of life.

Breathing in second hand smokers also has detrimental impacts on babies, children and other family members.

In North Tyneside, the smoking prevalence in adults is currently 14.3% whilst in England the average is 12.1%. The burden of smoking is estimated to cost the North Tyneside economy is £47.6million (Smokefree North Tyneside Alliance: update and action plan 13th January 2022).

North Tyneside is ranked 128 out of 317 Local Authorities in England on the index of multiple deprivation. 9.3% of North Tyneside residents live in neighbourhoods judged to be in the 10% most deprived in England. Some of the most deprived areas in North Tyneside include parts of Wallsend, Howdon, and North Shields (Indices of Multiple Deprivation 2019: North Tyneside. Policy, Performance and Research 1 October 2019 North Tyneside Council).

Prior to making this application, the Council has consulted with various other stakeholders (including ward Councillors and Northumbria Police) and has not received information that would prejudice any of the grounds within in. All three respondents support our proposed actions including two ward Councillor and North Tyneside Councils Director of Public Health.

North Tyneside Council's Director of Public Health in her response states it is clear that the distribution of illegal tobacco products is a nuisance to members of the public. All tobacco is harmful but illegal tobacco makes it easier for children to start smoking and get hooked. Smoking will kill one in tow long term smokers even if they smoke legal tobacco and the availability of illegal cigarettes makes it harder for people to quit and remain smoke free.

The illegal tobacco trade has strong links with organised crime and criminal gangs. Even small-time local sellers are at the end of a long criminal chain – selling illegal tobacco products is a crime. While all smoking kills, illegal tobacco is a damager to health, particularly to children and young people, as it is sold at "pocket money prices", making it easier for children to start. To prevent further criminal activity, protect children from harm and stop the nuisance that this activity causes within the local community of North Shields there needs to be effective action against the premises. I produce in evidence this and the other responses as **exhibits MD/29 a to c**. Intelligence has been received regarding Prudhoe Off Licence selling alcohol and cigarettes to minors.(**see exhibit MD/11**)

There are several other convenience type shops in the area offering similar products to those operated at 4-5 Prudhoe Street. Should a Closure Order be granted, it is not thought that the local community would suffer through lack of access to alternative shopping facilities.

Concluding Remarks

1 in 2 long term smokers will die from smoking, whether they smoke legal or illegal tobacco (FRESH). But illicit tobacco causes problems to local communities on many levels. It's availability makes it easier for children to smoke, attracts criminally to neighbourhoods, has adverse impacts on public health, and it has a negative impact on legitimate businesses. It also robs the public purse of tax revenue that is used to support public services.

The history of the shop at 4-5 Prudhoe Street, North Shields is relevant to the application for a Closure Order. The premises have been used over a prolonged period of time in the illegal supply of tobacco products. Despite repeated seizures of illicit tobacco products from Prudhoe Off Licence and an associated vehicle, a suspension to the premises licence to sell alcohol being made and three prosecutions against individuals who have been involved in the running of the business. This has not stopped the premises from continuing to be used in the supply of illicit tobacco and other products.

Various tactics have been used to disguise offending and avoid detection such as the concealment and storing of tobacco in concealments in the shop and in vehicle(s) close to the premises.

It is inferred that tobacco crime is endemic to the premises, as such it is submitted that a recurrence of criminal behaviour and/or serious nuisance to members of the public is probable. As criminal prosecutions and a licence suspension appear to have had no effect I believe it is appropriate to apply for a Closure Order for the maximum period allowed to ensure that all persons associated with this criminal activity are no longer associated with any business that is run from the premises and to prevent the criminal behaviour or nuisance from continuing, recurring or occurring.

[REDACTED] works at PRUDHOE OFF LICENSE, address 4-5 PRUDHOE STREET, NORTH SHIELD, NE29 6QZ.

PRUDHOE OFF LICENSE is selling counterfeit cigarettes and tobacco.

If a known customer wants to buy the counterfeit goods, they are told to wait until the shop is clear and then they receive a slip of paper and are given an instruction to go and wait in the alleyway where they are met by another man who supplies the counterfeit cigarettes.

The shop occasionally supplies the goods from within the shop and behind the counter, but only when the shop is empty and when it is to a known customer.

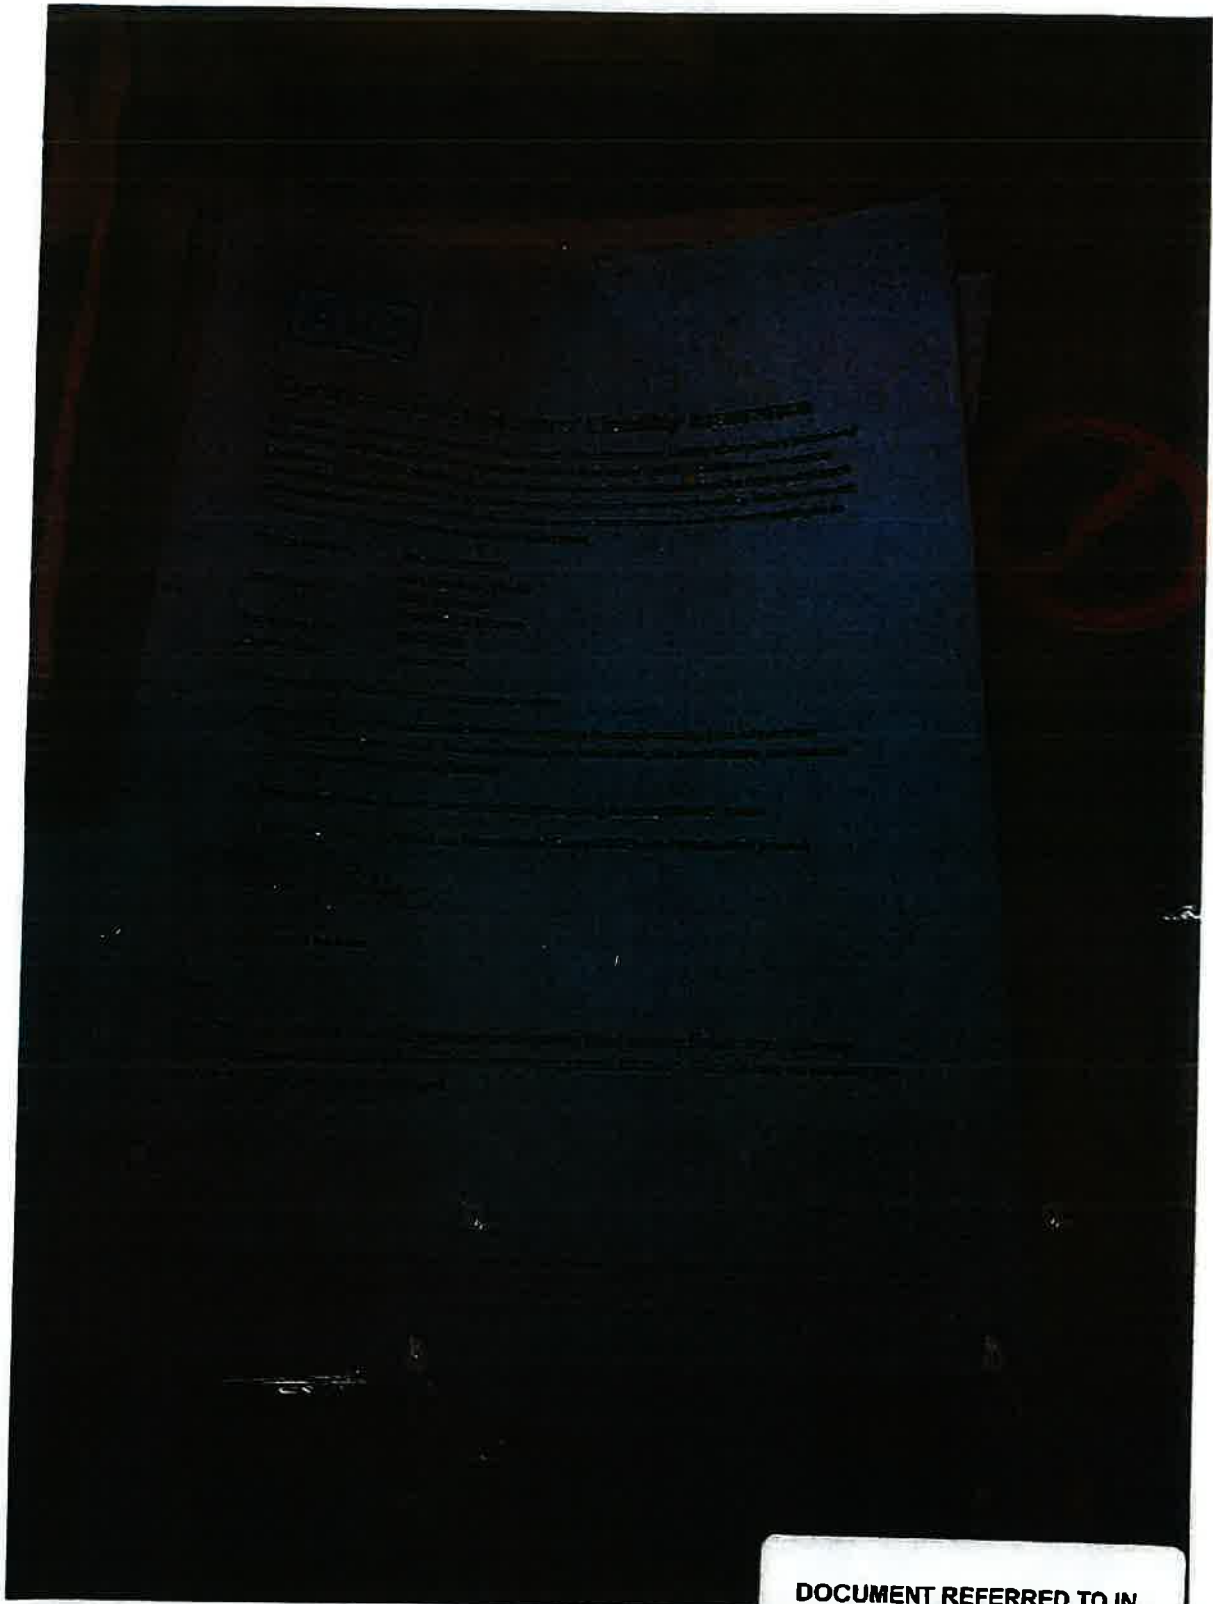

27/06/2022

Anon report. The shop on Prudhoe Street (General Stores) North Shields is selling illegal tobacco. Customer stated we (North Tyneside Council) had installed a camera, but the owner has partially blocked this and still selling illegal products. On the left-hand side near the till is where the blackout spot is (passing it under the counter).

Dear Sir,

Re: Licensing Act 2003

I write further to my visit to your premises on Thursday 20 July 2023 along with Trading Standards officers.

During the visit, I checked compliance with the provisions of the Licensing Act 2003 and the conditions attached to your premises licence.

I understand that you are taking action to correct the matters where breaches were found and hope that the following list of conditions, that were not being complied with, will assist you in this.

This is not maintained, checked and signed on a weekly basis by the Designated Premises Supervisor. The last entry was March 2023.

Dear Sir,

Re: Licensing Act 2003

I write further to my visit to your premises on Thursday 20 July 2023 along with Trading Standards officers and the subsequent visit to obtain images from your CCTV system.

I understand from Trading Standards Officers that it has not been possible to download any images due to a fault with the system.

Condition 2 of Annex 3 of your licence-Conditions attached after a hearing by the licensing authority states that "There will be members of staff present at the Premises during operating hours trained to provide viewable copies of CCTV images as soon as possible following a request from representatives of Northumbria Police or the Licensing Authority made in accordance with the Data Protection Act 2018 (or any replacement legislation)."

This is a further breach of the conditions of your licence and requires to be rectified as soon as possible.

Please advise me when this has been done and the CCTV is working correctly when I will arrange a visit to check.

Yours Faithfully

Licensing Officer

Dear Wendy

Consultation

Proposed issue of a Closure Notice at a premises located at 4-5 Prudhoe Street North Shields NE29 6QZ

I write in connection with the proposed issue of a closure notice for Prudhoe Off Licence 4-5 Prudhoe Street North Shields NE29 6QZ

These premises have been the subject of a trading standards investigation into the distribution of illegal tobacco products. On the basis of evidence obtained during this investigation, it is believed that the premises have been used to supply such products and that, by doing so, their use has caused a nuisance in the locality.

I am now consulting with local stakeholders about issuing a closure notice under the Anti-social Behaviour, Crime and Policing Act 2014. This legislation allows local authorities to issue a closure notice if it is considered that there has been a nuisance to members of the public and that such a notice is necessary to prevent this from continuing or recurring.

If issued, the notice would close the premises (and prevent any person other than the owner accessing it) for a period of 24 or 48 hours. Within that 24 or 48-hour period, an application would then be made at a Magistrates' Court for issue of a Closure Order. If granted, an Order would close the premises for a period of up to 3 months. Again, any person other than the owner would be prohibited from entry during the closure period.

As Director of Public Health, you are a key stakeholder. I therefore wanted to reach out to you as part of the consultation phase and provide you with an opportunity to supply any representations that you may wish to make.

If you would like to make any representations about the proposed Closure Notice or Order, can I please ask that they are provided by **5pm on Wednesday 6th September 2023** at the very latest. Representations should be made by return email to:

If you have any questions, please do not hesitate to contact me and I will be happy to help.

Dear Mr Duffy,

Proposed issue of a Closure Notice: Prudhoe Off Licence, 4-5 Prudhoe Street, North Shields, NE29 6QZ

As the Director of Public Health for the borough I have responsibility for improving population health and providing leadership for health improvement and protection. I am therefore concerned at the evidence obtained through the recent Trading Standards investigation into illicit tobacco being sold and present at the premises of Prudhoe Off Licence, 4-5 Prudhoe Street, North Shields, NE29 6QZ.

All tobacco is harmful but illegal tobacco makes it easier for children to start smoking and get hooked. Sellers rarely care who they sell to. All tobacco – legal and illegal – contains over 5,000 chemicals, 60 of which can cause cancer. Smoking will kill one in two long term smokers even if they smoke legal tobacco and the availability of illegal cigarettes makes it harder for people to quit and remain smoke free.

The illegal tobacco trade has strong links with organised crime and criminal gangs. Even small-time local sellers are at the end of a long criminal chain – selling illegal tobacco is a crime.

Comprehensive regional activity in the North East and other parts of England has resulted in reductions in the size of the illicit tobacco market and a smaller proportion of smokers turning to the illicit tobacco trade. Although a lot has been achieved, illegal tobacco is still a problem. While all smoking kills, illegal tobacco is a danger to health, particularly to children and young people, as it is sold at 'pocket money prices', making it easy for children to start.

It is clear that the distribution of illegal tobacco products is a nuisance to members of the public.

To prevent further criminal activity, protect children from harm and stop the nuisance that this activity causes within the local community of North Shields there needs to be effective action against the premises. I urge you to issue a Closure Notice for up to 48 hours and to make an application to the Magistrates' Court for the issue of a Closure Order of up to 3 months.

Thank you for the opportunity to raise my concerns, and should you require any further information please do not hesitate to contact me.

Yours faithfully,

Wendy Burke

Dear Mrs S Graham,

Re: Application to Transfer the premises licence for Prudhoe Store, 4-5 Prudhoe Street, North Shields, NE29 6QZ. Additional submission.

Applicant: -

In respect of the grant of the above application, I have the following comments to make and wish to lodge the following representation: -

Northumbria Police wish to make an objection to the transfer of the premises licence at Prudhoe Store, Prudhoe Street, North Shields, NE29 6QZ.

The licensing Act 2003 gives the Chief Officer of Police provision to object to an application to transfer a premises licence if they are satisfied that the exceptional circumstances of the case are such that the granting of the application would undermine the crime prevention objective.

Northumbria Police object to the application by * * * to transfer the premises licence on the grounds that the granting of this application would undermine the crime prevention objective.

This additional submission is to cover a recent event and a historical event.

On Tuesday 10th October 2023 North Tyneside Council issued a Closure Notice requiring the above premises to close for a period of up to 48 hours. On Thursday 12th October 2023 at North Tyneside Magistrates Court a closure order was issued requiring the premises to closure immediately for three months until midnight on 11th January 2024. The closure order was granted for the premises involvement in the supply of illicit tobacco. Closure order attached.

In May 2020 a [redacted] was arrested for theft after a stop/check where he had a large quantity of cigarettes/tobacco products in his rucksack just after leaving Prudhoe stores, the Officers initial suspicions were that [redacted] had stolen the items from the shop. During the interview, it transpires the tobacco was from the shop. [redacted] stated he sold it on the streets on behalf of [redacted] the owner. Customers would go into the shop, order the tobacco, they would be given a ticket, the customer would find [redacted] nearby, give [redacted] the ticket and he would hand over the tobacco.

Due to the serious nature of the storing and supply of illegal tobacco products, Northumbria Police would request the licensing committee to reject the application to transfer the premises licence at Prudhoe Stores, Prudhoe Street, North Shields.

Yours Sincerely
