Comments Details

Commenter Type:	MAKE REPRESENTATION ie.object or support
Stance:	Customer objects to the Licensing Application
Reasons for comment:	<ul style="list-style-type: none">- Opening Hours- Prevention of Crime Disorder- Prevention of Public Nuisance- Traffic
Comments:	<p>21/12/2023 12:05 PM Objection</p> <p>1. The opening hours are unreasonable for the location- this is a relatively quiet area of coast line and the late night opening will add noise and light pollution for the animals who live in the sand dunes and for the local residents.</p> <p>2. Traffic There are is only one other licensed premises in the close vicinity, thus the majority of people will come for a late night drink from other bars in Whitley bay or Tynemouth, and this will increase traffic from taxis as it is unlikely people will walk due to the distance, time of night</p> <p>3. Environment</p>

The premises is really close to the sanddunes and beach, and we have enough issues with glass and rubbish on the beach already. With late night opening, it is likely to increase the number of people who do down on to the beach and drink alcohol and leave their cans and bottles behind

4. Anti social behaviour

We have enough issues with anti social behaviour on the coast already. A seven day late license is not going to help this. It will also make it more difficult for the limited police resourced, as they will have to be spread more thinly covering a new area

5. Health and wellbeing

North tyneside Council are committed to improving health of residents with a strategy on improving healthy lifestyle and behaviour, including alcohol. Allowing a new late license goes against the efforts to reduce the use of alcohol and improve the health of North tyneside residents

Kind regards
