Subject: TPO replace

EXTRNL
Morning Peter

Follow on from our conversation this morning, we would like to plant the replacement tree in the position of the current grey poplar in the corner of the garden. We are looking to plant a tree which would be a better choice to support wildlife and mirror North Tynesides tree management policy for this area, this would include:

Maple (*Acer campestre*)
Common Hawthorn
Common Hazel

Let me know if you need any further information

Regards
