1. Purpose of Report

- 1.1 At its meeting on 25 July 2024 the Sub-Committee endorsed its outline work programme topics for 2024/25. As discussed in that meeting, it is important that the work programme is kept under regular review and that this can be flexed by the Sub-Committee if appropriate during the year (for example, in response to emerging matters during the year which could not be foreseen at the time that the outline work programme was initially discussed). Accordingly the Work Programme will be included as a standard item of business on the agenda for each meeting of the Sub-Committee during 2024/25.
- 1.2 Appendix A sets out the work programme topics as they currently stand. The Sub-Committee is invited to review the work programme and to confirm those items of business to be considered at upcoming meetings of the Sub-Committee, in order that the relevant report authors can prepare the necessary information.
- 1.3 Should amendments to the work programme be proposed, it will be important for the Sub-Committee to set clear objectives for each proposed topic to ensure that the focus of all Scrutiny work is on strategic matters which are properly within the Sub-committee's remit and which will add value through the Scrutiny process. Topics proposed at the last meeting, and which are to be confirmed by the Committee, are shown in red at Appendix A.

2. Recommendations

2.1 The Sub-Committee is recommended to:

- (a) Consider the current Work Programme, attached as Appendix A
- (b) Confirm the items of business to be considered at the upcoming meetings of the Sub-Committee.
