Date: 29 May 2019

ITEM 8

Title: Key Outcomes from Internal Audit reports Issued between November 2018 and April 2019

Report from Service Area: Resources

Report Author: **Allison Mitchell, Chief Internal Auditor** **(Tel: 643 5720)**

Wards affected: **All**

PART 1

1.1 Purpose:

The purpose of this report is to advise the Audit Committee of key outcomes from Internal Audit reports issued between November 2018 and April 2019 (**Appendix A**).

1.2 Recommendation(s):

It is recommended that the Audit Committee:

- (a) considers the key findings from, good practice identified in, and management action taken in response to the Internal Audit reports issued, attached as **Appendix A**; and
- (b) notes the Chief Internal Auditor's opinion that, based on the outcomes from this work, the framework of governance, risk management and control is satisfactory overall.

1.3 Council plan and policy framework

The work of Internal Audit and the Audit Committee covers all service responsibilities as identified within the Council Plan.

1.4 Information

Key Outcomes from Internal Audit Reports Issued Between November 2018 and April 2019

- 1.4.1 It is important that the Audit Committee receives regular updates on the key outcomes arising from Internal Audit's planned work. This is also emphasised in the Public Sector Internal Audit Standards (PSIAS), which state that "in addition to the annual report [reported to the Audit Committee each May], the Chief Internal Auditor should make arrangements for interim reporting to the organisation in the course of the year. Such interim reports should address emerging issues in respect of the whole range of areas to be covered in the annual report".

- 1.4.2 The Terms of Reference for the Audit Committee state that it will consider the effectiveness of the Authority's control environment; and the Chief Internal Auditor's report and opinion in this regard. Reporting of key findings from Internal Audit reports issued at regular intervals allows the Audit Committee to be made aware of the Authority's governance arrangements on a timely basis during the year. It also enables the Audit Committee to develop an on-going awareness of the soundness of the framework of governance, risk management and control, to support the Chief Internal Auditor's annual report on this matter.
- 1.4.3 A summary of key outcomes from planned Internal Audit reports issued between November 2018 and April 2019, including areas of good practice identified and action taken to date by management in response to each audit, is attached as **Appendix A**. Based on the outcomes from audits issued to date, and management action undertaken in response to these, the Authority's framework of governance, risk management and control is considered to be satisfactory overall (which is a positive outcome for our organisation).
- 1.4.4 Internal Audit has also supported a number of special investigations and management requests in this time period. Key themes arising from this work are included in Internal Audit's annual report.

1.5 Decision Options:

It is recommended that the Audit Committee considers the summary of Internal Audit reports issued, attached as **Appendix A**, and the consequent evaluation of the Authority's framework of governance, risk management and control as satisfactory overall.

There are no other options available in relation to this report.

1.6 Reasons for recommended option:

This recommendation will allow the Authority to operate in line with legislation, good practice and professional guidance.

PART 2 – COMPLIANCE WITH PRINCIPLES OF DECISION MAKING

2.1 Finance and other resources

Effective internal audit is an essential part of the Authority's governance arrangements. Internal Audit examines the Authority's systems of internal control, and the economy, efficiency and effectiveness with which resources are deployed. The audit of the Authority's activities promotes good financial governance and the importance of value for money. Effective control in these areas reduces the potential for financial loss through fraud, waste and inefficiency.

There are no financial implications arising from the recommendations set out in this report.

2.2 Legal

The Accounts and Audit Regulations 2015 require the Authority to undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance. The guidance accompanying the legislation states that 'proper practices in relation to internal control' are those contained within the Public Sector Internal Audit Standards. The Public Sector Internal Audit Standards require that the Chief Internal Auditor should make arrangements for interim reporting to the organisation in the course of the year.

2.3 Consultation/community engagement

All Internal Audit reviews were shared with and reported to the relevant audit client upon conclusion of each audit assignment, with actions agreed by management. Management comments on the summary of key outcomes from Internal Audit reports have been included in the report.

2.4 Human rights

There are no human rights issues arising from this report.

2.5 Equalities and diversity

There are no equality and diversity issues arising from this report.

2.6 Risk management

Risks have been considered and there are no risks identified directly arising from this report.

2.7 Crime and disorder

There are no specific crime and disorder issues arising from this report. The work of Internal Audit is a key strand in the Authority's counter-fraud arrangements, as set out in the Strategic Audit Plan.

2.8 Environment and sustainability

There are no environment and sustainability issues arising from this report.
