

The Our North Tyneside Plan 2020-2024 (the Council Plan) sets out the overall vision and policy context within which the Financial Plan and Budget proposals will operate. Since 2015 North Tyneside has worked to a clear set of priorities through the Our North Tyneside Plan. These priorities have formed the basis of the Framework for COVID-19 Recovery in North Tyneside.

The Our North Tyneside Plan is structured in three key themes – Our People, Our Places and Our Economy. Through our engagement activity over the summer in the Big Community Conversation with our Residents Panel, it is clear that the priorities in the Plan continue to reflect those of residents. Through the Big Community Conversation, residents were asked for their views on what is important for the borough in recovering from the pandemic. These priorities are all included in the Our North Tyneside Plan as set out below:

Our People will:

- Be listened to so that their experience helps the council work better for residents;
- Be ready for school – giving our children and their families the best start in life;
- Be ready for work and life – with the right skills and abilities to achieve their full potential, economic independence and meet business needs;
- Be healthy and well – with the information, skills and opportunities to maintain and improve their health, well-being and independence, especially if they are carers;
- Be cared for, protected and supported if they become vulnerable including if they become homeless; and
- Be encouraged and enabled to, whenever possible, be more independent, to volunteer and to do more for themselves and their local communities.

Our Places will:

- Be great places to live by focusing on what is important to local people, such as by tackling the derelict properties that are blighting some of our neighbourhoods;
- Offer a good choice of quality housing appropriate to need, including affordable homes that will be available to buy or rent;
- Benefit from the council's housing stock being decent and well managed, as well as maximising the potential use of housing such as through extra care schemes;
- Recognise the climate emergency by further reducing the Borough's overall carbon footprint. This will include reducing the council's carbon footprint, along with encouraging and enabling everyone to reduce their carbon footprint;
- Provide a clean, green, healthy, attractive and safe environment;
- Have an effective transport and physical infrastructure - including our roads, pavements, street lighting, drainage and public transport;
- Continue to be regenerated as part of our 15 year 'Ambition for North Tyneside' plan. This will include the continued development of Killingworth Lake, creation of a Master Plan for North Shields, the delivery of plans for Segedunum and the Swans site in Wallsend, as well as further work to build on the success of the regeneration at the coast; and
- Be a thriving place of choice for visitors through the promotion of our award-winning parks, beaches, festivals and seasonal activities.

Our Economy will:

- Benefit from the delivery of our ambitious vision, which we created with partners in the North of Tyne Combined Authority. We will have a dynamic and more inclusive economy, which will ensure that all residents have a stake in our region's future.
- Grow by supporting new businesses and building on our strengths, including our existing world class companies, and small and growing enterprises.
- Be business friendly, ensuring the right skills and conditions are in place to support investment, and create and sustain new high-quality jobs and apprenticeships for working age people.
- Continue to support investment in our business parks, units and Town Centres.
