1. Purpose of Report

The purpose of this report is to update Overview, Scrutiny & Policy Development Committee on the Quarter 3 position of key 2020/21 projects and business cases within the overall Efficiency Savings Programme.

2. Recommendations

The Committee is recommended to note the position of the projects, in terms of both project and savings delivery.

3. Summary

The overall savings requirement for the 2020/21 business cases agreed by Council in February 2020 is £3.622m. This is made up of £0.805m of business cases new to 2020/21, £1.346m for the impact of prior year business cases on 2020/21 and £1.471m of business cases within Health, Education, Care and Safeguarding that were previously achieved by management actions that require permanent delivery in 2020/21.

The delivery of some of the savings proposals in 2020/21 are expected to be significantly impacted by the Covid-19 pandemic especially within Health, Education, Care and Safeguarding and Commissioning & Asset Management. These services are actively exploring all options to ensure the delivery of the savings in 2020/21 but a red RAG rating has been applied to the majority of these savings as the impact of Covid-19 is still being considered.

The Authority has implemented significant change to support delivery of its Efficiency Savings Programme and its six key priority outcomes:

- Ready for School
- Ready for Work and Life
- Cared for, Safeguarded and Healthy
- Great Place to Live, Work Visit
- Fit for Purpose Organisation
- Maximising Resources

As part of the 2020-2024 financial planning process, the Cabinet and Council agreed an Efficiency Plan which set out a series of projects which would deliver required savings whilst delivering priority outcomes. These projects form the basis of this report.

The Authority's financial position at the end of quarter three reports that:

- £0.017m has been delivered against the overall target via project activities outlined in associated business cases;
- A further £1.714m is expected to be delivered against the targets during the course of the financial year;
- £1.891m of the overall target remains to be delivered at this stage of the financial year.

Currently the full £1.891m of the amount to be achieved is being reported as having been impacted by Covid-19 and as such is forecasted to be allocated against the available Local Authority Support Fund.
