On 7 January 2019, the' NHS long-term plan' was published

setting out key ambitions for the NHS over the next 10 years.

1.9. The **£4.5 billion** of new investment will fund expanded community multidisciplinary teams aligned with new **primary care networks** based on neighbouring GP practices that work together typically covering 30-50,000 people.

NHS Long Term Plan 2019, Page 14

What are Primary Care Networks? (PCNs)

- Groups of Practices commissioned to provide primary care services at scale

- 30-50,000 patients

- Delivered and Funded via a DES Direct Enhanced Service (*contract between the CCG and the Network)*

Network Contract DES

- Offered to all practices as an extension of their core GP contract and live from 1st July 2019

- **Network Agreement:** *governance, financial structure, roles and responsibilities of each practice.*

- **DES Specification**: *outlines the full requirements of the Direct Enhanced Service.*

What will Primary Care Networks do?

2019/20 there are 3 areas for the DES:

1. **Access**
    July 2019 Extended Access

2. **Clinical Pharmacy**
    Additional WTE in each network to work across practices

3. **Social prescribing**
    Building on experience of previous schemes

Primary Care Network Workforce

- Network Director
- Administration support staff
- Additional Roles:

  2019/20 – *Social Prescribing Link workers*
  2019/20 – *Clinical Pharmacists*
  2020/21 – *First Contact Physiotherapists*
  2020/21 – *Physicians Associates*
  2021/22 – *First contact community paramedics (TBC)*

- North West
- Wallsend
- North Shields
- Whitley Bay
- GP Practice

Where are we now?

Each of our 4 Primary Care Networks :

- is based on its historic locality footprint *(2 exceptions)*

- meets national requirements for size and format

- has identified a Network Director

- has signed the Mandatory Network Agreement

- has submitted the Registration Documents

This means that 100% of NT patients are registered with a practice in a Primary Care Network.
