Our Pledges

1. We will intervene early with evidence based, family focussed services
2. We will work in partnership to keep children in school
3. We will keep children and young safe at home, healthy and connected to their local communities

Our Principles

- We will work to give the right help at the right time
- We will work only for as long as is necessary
- We will work openly, honestly and respectfully
- We will work to build strong relationships with all those we work with
- We will work with the whole family and network to bring about change

Our Practice Standards

- Children will be listened to and we will act on what they tell us
- Children will have people important to them involved in helping to keep and make them safe
- Children will have their safety clearly understood
- Children will have a Safety Plan which tells those who need to know how to keep them safe
- Children will only have help for as long as they need it (so they can get on with their own lives)
- Children will be able to understand all the things written about them
- Children will have help which follows the rules
- Children have help from Workers who get the advice and support they need to do a good job
