

lived at home with their Mom & Dad who love them very much.

Things at home got a little better for Mom, Dad and the children with some help from Jane. Mom & Dad felt like they were managing things better.

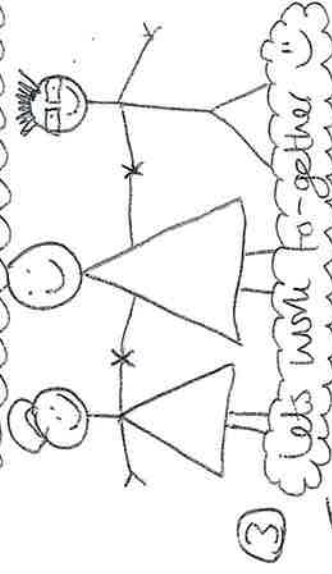

Being a Mom or a Dad can be really hard work, and sometimes Moms & Dads need a little bit of help.

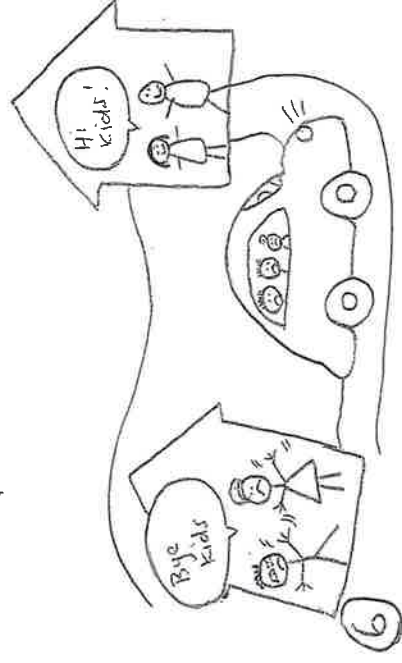

Then one day, the children went to school and had a red mark around her neck. This made people very worried because they didn't know how it had happened!

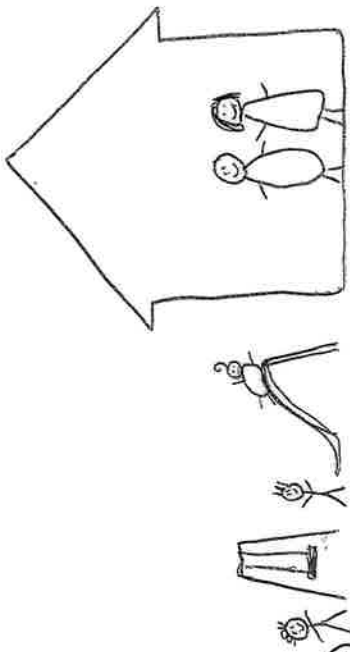

Let's help make things better.

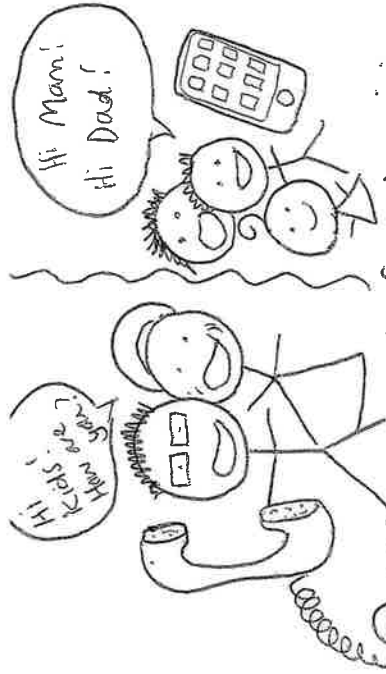

Jane started coming to visit to try and help Mom & Dad be the best parents they can be, so that Mom, Dad and the children would be happier at home.

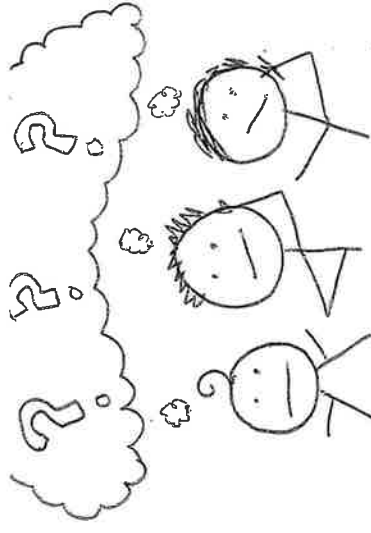

Until we find out how this happened, to go and live with a foster family. This was a really sad day for the children, and for Mom and Dad, who love and miss their

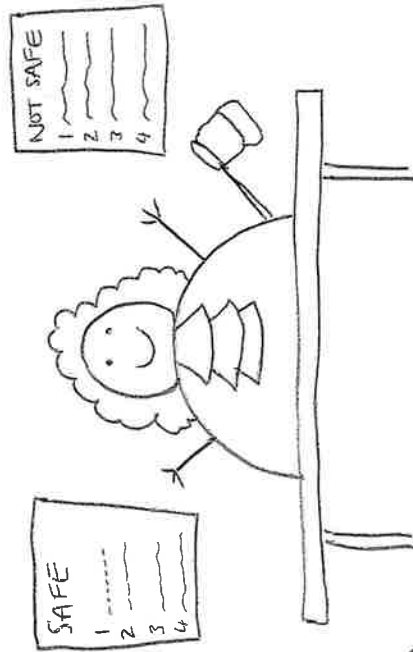

⑦ Sometimes children need to live with foster families until the group decide whether children can safely go back home.

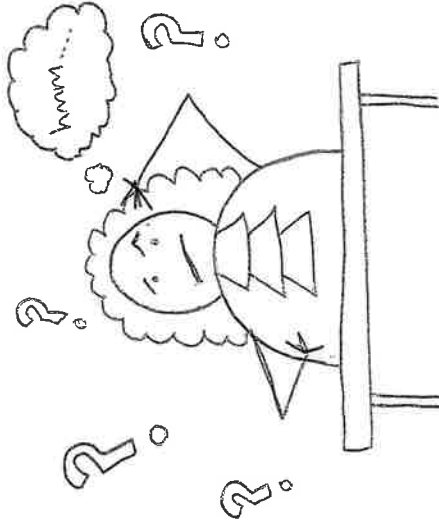

⑧ While we wait for this decision to be made, will still get to see their Mom and Dad 2 times per week. They also get to speak on the phone!

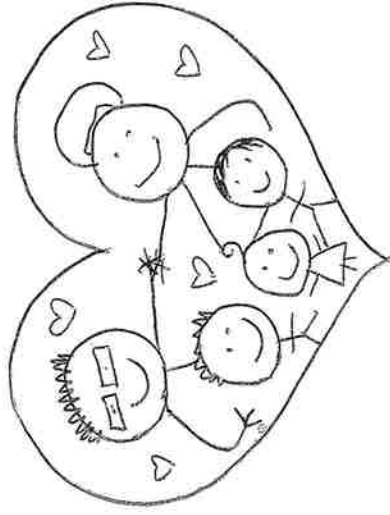

⑨ You might be wondering who makes decisions about whether children can go home?

⑩ The adults need to go to a special place called 'Court' where an important person called a judge will decide what happens next. This will probably happen in summertime, which feels a long

⑪ The judge has to make important decisions about where children should live so that they will be happy and safe. This is because children sometimes aren't safe at home with their Mom and Dad.

⑫ Whatever the judge decides it is important that ^{know that they are loved} very much by their Mom and Dad.
