PART 2 – COMPLIANCE WITH PRINCIPLES OF DECISION MAKING

2.1 Finance and other resources

Effective internal audit is an essential part of the Authority's governance arrangements. Internal Audit examines the Authority's systems of internal control, and the economy, efficiency and effectiveness with which resources are deployed. The audit of the Authority's activities promotes good financial and non-financial governance and the importance of value for money. Effective control in these areas reduces the potential for loss through fraud, waste and inefficiency.

There are no direct financial implications arising from the recommendations set out in this report.

2.2 Legal

The Accounts and Audit Regulations 2015 require the Authority to undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance. The Public Sector Internal Audit Standards require that the Chief Internal Auditor delivers an annual Internal Audit Opinion, which concludes on the overall adequacy and effectiveness of the organisation's framework of governance, risk management and control. This report complies with all necessary requirements of the Public Sector Internal Audit Standards.

2.3 Consultation/community engagement

The 2021/22 opinion on the adequacy and effectiveness of the framework of governance, risk management and control summarises Internal Audit findings communicated to and discussed with service management throughout the course of 2021/22. Regular reports have also been made to the Audit Committee throughout the year, advising of the outcomes of Internal Audit's work, in accordance with the Audit Committee's planned schedule of work.

2.4 Human rights

There are no human rights issues arising from this report.

2.5 Equalities and diversity

There are no equality and diversity issues arising from this report.

2.6 Risk management

Internal Audit activity is based on a risk-based approach, thus ensuring that coverage is focussed on areas of Council activity where Internal Audit resource will deliver most benefit and assist most effectively in the management of risk.

There are no specific risks arising from this report.

2.7 Crime and disorder

There are no specific crime and disorder issues arising from this report. The work of Internal Audit is a key strand in the Authority's counter-fraud arrangements, as set out in the Strategic Audit Plan.

2.8 Environment and sustainability

There are no environment and sustainability issues arising from this report.
