1.5 Information:

1.5.1 Background

At its meeting 20 January 2022 Council debated a Motion in relation to Storm Arwen. (see Appendix 2 of the report of the task and finish group).

Following debate it was agreed that the Elected Mayor would;

- “write to the Prime Minister to raise our concerns with the way the situation was handled and to commit to providing funding to aid the recovery”.
- “Launch a cross party inquiry into the handling of Storm Arwen by North Tyneside Council, including what work is outstanding and what lessons can be learned, and report back to full Council before the end of the municipal year”.

The Elected Mayor requested that a review be undertaken by the Overview, Scrutiny and Policy Development Committee (OS&PD). It was agreed that OS&PD would establish a Task and Finish group (“the Group”) to review Storm Arwen. In drawing up the Group’s terms of reference it was agreed that it would be appropriate for other named storms that occurred after Storm Arwen up to February 2022 to be included in the report.

The approach and Terms of Reference for the review was presented and agreed by the OS&PD Committee at its meeting on 14 March 2022.

All non-executive members were canvassed to be part of the Group, and 8 members took up the opportunity to be involved. The agreed approach for the review was through two focussed sessions, which took place on 16 and 23 May 2022.

1.5.2 The Group was supported by a team of officers who had key positions of responsibility during any emergency events, including severe weather.

The Group received extensive information to each storm event, which included

- The background and the Authority’s response
- Command and control arrangements
- Timeline of events
- Summary of the impacts of each storm
- Communication activity
- Impact and work undertaken by Authority service areas

1.5.3 The conclusion of the Group’s very comprehensive review was that resilience and emergency planning practice constantly evolves through experience. Through its review the Group has made a number of recommendations for consideration by Cabinet.

1.5.4 The Group also recognised the significant work that took place during the storms - by individuals, neighbours, communities, responders, voluntary groups, businesses, and others who came out in very challenging conditions to provide help to those in need.

The Group concluded that the Authority was able to rapidly mobilise staff with the necessary specialist technical skillsets to support the range of requirements needed to keep residents and property safe.

The Group’s view was that the activation and effective mobilisation reduced possible further impact to residents/businesses within the borough and all staff involved throughout all the storm events worked tirelessly and should be commended.

1.6 Decision options:

The following decision options are available for consideration by Council:

Option 1

To approve the recommendation as set out in paragraph 1.2 above

Option 2

To not approve the recommendation as set out in paragraph 1.2 above

1.7 Reasons for recommended option:
